

OIL GLAND CUTTER

Model OGC

The Jarvis Model OGC - pneumatically powered oil gland removal system for chickens, fowl and turkeys.

JARVIS

- The Model OGC is the most precise tool for oil gland removal - an exact cut ensures no excess material is removed, therefore increasing yield.
- Easy to use - reduces the need for skilled labor.
- Lightweight - only 2 lbs (0.9 kg) and can be balancer hung, removing all burden from the operator.
- Constructed of corrosion resistant materials for easy cleaning and optimum hygiene.
- Meets national and international requirements for hygiene and safety.

INCREASES YIELD - MINIMAL TRAINING REQUIRED

OIL GLAND CUTTER

Model OGC

Specifications

Drive	Pneumatic	
Model OGC
